ELIMINATE CORROSION

ALUMINUM AIR-EXHAUST
HEAT EXCHANGER

RUGGED METAL
CHASSIS

6 of 10 vacuum systems
sold today are made by Air Techniques

All models backed
by a 5-year limited
warranty

Low power-
consumption and
almost no water usage

Over 10 SCFM at
every chair

Easy installation
and no routine
maintenance

INDUSTRY TRENDS

"Concepts such as sterilization, hygiene, and sanitized - these will set an office apart. Equipment that reduces patient spray (aerosol/droplet removal) will come into play in a big way for patient and employee safety. Dental professionals are predicting a patient migration. The cleanest – and cleanest-looking – offices will see rewards for their efforts."¹

* Flow Rate (SCFM) per # of Open HVEs. Compared to PowerVac, Rotary Vane, and Badger.
