Monarch Vinyl Upholstery Cleaner by Air Techniques Receives High Reviews

MELVILLE, New York — (December 5, 2017) — [Air Techniques, Inc.](#), a leading innovator and manufacturer of dental equipment, received stellar reviews for Monarch Vinyl Upholstery Cleaner. The upholstery cleaner was evaluated by 12 dental professionals. This Peer-to-Peer product evaluation was conducted by Dental Product Shopper. Monarch Vinyl Upholstery Cleaner received a 4.3 rating out of a possible 5.0 making it a DPS Best Product.

The evaluators used Monarch Vinyl Upholstery Cleaner for a period of four weeks in their practice. They then rated the product on five criteria's that were then averaged together along with the overall satisfaction to calculate the final score. Monarch received the highest ratings in "Solution leaves fabric unharmed" and "Convenience".

"We're happy to offer dental professionals a product that safely and effectively cleans and preserves their dental chairs," said Nicole Miller, Product Manager of Hygiene. "Monarch Vinyl Upholstery Cleaner was specially formulated to help protect your valuable investment for longer life."

[Monarch Vinyl Upholstery Cleaner](#) maintains the integrity of the material for longer life of dental chairs made out of artificial leather. It cleans and cares without leaving any residues. The cleaner is made of a blend of special surfactants, silicone compounds and avocado oil.

Linda Franklin an evaluator said the Monarch Vinyl Upholstery Cleaner turned her dull vinyl into material that looked like new, commenting, "The difference was like night and day." She added, "We were considering new upholstery, but after using this cleaner we are able to keep the ones we have."
